Re: Yosemite Creek Superfund Site: Eureka Chemical Company

Dear :Mr. Reiner

This firm represents Eureka Chemical Company. We have received the General Notice of Potential Liability ("General Notice") dated February 21, 2008 relating to the Yosemite Creek Superfund Site. This letter sets forth the information requested in the General Notice.

1. Future correspondence to Eureka Chemical Company that relates to the Yosemite Creek Superfund Site should be directed to Molly F. Jacobson-Greany, Esq.; Leland, Parachini, et al.; 199 Fremont Street, 21st Floor, San Francisco, California, 94105.
2. Eureka Chemical Company is not currently involved in any discussions, clean-up efforts, or litigation involving the Yosemite Creek Superfund Site.
3. Eureka Chemical Company is in the process of trying to determine (1) whether a PRP Steering Committee for the Yosemite Creek Superfund Site currently exists; (2) who the other members of the PRP Steering Committee might be; and (3) who is acting as spokesperson for the PRP Steering Committee.

As of this date, Eureka Chemical Company has only been able to determine conclusively that certain individuals are *not* acting as spokesperson for a PRP Steering Committee. However, Eureka Chemical Company has recently been informed that Nicholas van Aelstyn, of Beveridge & Diamond in San Francisco, may be acting as spokesperson for a PRP Steering Committee. Eureka Chemical Company has attempted to contact Mr. van Aelstyn and is waiting to hear from him. Eureka Chemical Company will amend this response when it has more information relating to the PRP Steering Committee.

Very truly yours,
